You should not expect privacy in connection with your use of any equipment, systems, or property.

Even if you create or have access to passwords to protect against unauthorized access to correspondence and activities, using that password does not make the related communications or activities private. In addition, phone calls, video calls, and/or instant messages or chats made or received on any business telephone, or any Company device may be monitored or recorded for legal, compliance, risk management, and other Engagement Purposes. Monitoring may be conducted remotely or locally, and related Personal Data collected and processed by the Company, Affiliated Entities, and/or service providers to the Wells Fargo Group using software, hardware, or other means.
